

Corporate Sponsorship

In 2004, 3C initiated a sponsorship of Junior Polo in the UK. This involves the firm being the lead sponsor for all Pony Club Polo events which run through the spring and summer seasons with events held at many of the top polo clubs in the country. As per the illustrations below, the sponsorship also includes all Young

England matches in the UK and on international tours. 3C is delighted to be involved with this highly professional organisation which has successfully helped to train virtually all the players that have played for full England teams in recent years.
